Majorettes March For United Fund

The Salem Senior High School band is adding a touch of color to the United Appeals Fund campaign. These pretty SHS majorettes led the band on a parade through the downtown section last night, heralding the opening of the city's annual community chest drive tonight. The band will repeat its performance again next Monday evening.

In the photo (l. to r.) are Lois Domencetti, Lanny Broomall, drummer; Richard Shoop, drum major; Diana Waller, Betsy Heston, Lynn Miller and Sally Minth.

The Salem High School band, directed by Richard Howenstine, will stage a special number on behalf of the United Appeals during halftime at the Salem-Akron Hoban football game at Reilly Stadium Friday night. The bandmen will attend Band Day at Kent State University Saturday and hold their annual "tag day" Oct. 26.

'Injured' to Be Rushed Here Saturday

Mock Disaster Test Of Hospitals Planned

Three Columbiana County hospitals will be tested Saturday morning to see how well hospital personnel, including physicians and technicians at each, can do in case of a mass disaster.

McKinley elementary school on E. Chestnut St. in Lisbon will undergo a simulated explosion at approximately 9 a.m. Saturday.

Seventy Lisbon High School students who have volunteered to take part in the experiment, will be "injured" to some degree. They will be loaded into station wagons, panel trucks and delivery trucks, assigned as emergency ambulances, and taken to the hospitals.

Participating will be Salem City Hospital, Salem Central Clinic and East Liverpool City Hospital. Thirty of the "injured" will be taken to East Liverpool. Salem City will take 30 and the Salem Clinic, in the midst of remodeling work, will take 10.

Medic-CD Sponsored

The Columbiana County Medical Society is planning the experiment with the cooperation of Al Rutecki of Lisbon, county Civil Defense director.

Dr. Wade A. Bacon of Lisbon is chairman of the medical society's committee on disaster medical care. Serving with him are Drs. Richard Bonistelli, Robert Dunlap, Fraser Jackson and Kenneth Turner of East Liverpool, and Dr. Peter Cibula of Lisbon.

U.S. Protests Wall Incident

Move Termed Blow To West's Prestige

BERLIN (AP) — The Western Allies apparently have decided to do nothing except protest the refusal of East German guards to let a British army ambulance go to the aid of a man shot just over the Berlin wall. The Soviets refused to accept the protest Monday.

The East German action was clearly a blow to Western prestige in Berlin.

"Just one more slice off the Berlin salami," said one West Berliner.

Western officials were reluctant to predict what further action might be taken. From their remarks, it seemed unlikely that anything would be done.

Some acknowledged that the East Germans could cite their successful blocking of the ambulance Saturday as a precedent for stopping other Western military traffic in East Berlin. But they pointed out that this had not happened yet.

They also pointed out that the East Germans could halt all Western traffic unless the Allies gave

Students Renew Tensions At Mississippi U.

Throw Rock Through Cafeteria Window While Meredith Eats

OXFORD, Miss. (AP)—A flying rock and a crowd of jeering students renewed tensions on the University of Mississippi campus Monday, after James H. Meredith's second week as a student had begun in comparative calm.

The incident occurred at the university cafeteria Monday night after Meredith arrived for dinner.

No one was hurt but some broken glass sprinkled on the 29-year-old Negro's table.

Some 270 students jeered and shouted in front of the cafeteria.

Earlier, Meredith attended classes without having to walk through crowds of booing students, a sharp contrast with last week. Two marshals trailed 30 or 40 feet behind.

Meredith's day went quietly until dinner.

Earlier, in the morning, two unidentified white students shook Meredith's hand as he walked toward his Baxter Hall apartment.

Meredith said he expected to settle down to his studies now that distractions were decreasing. He said he was having no academic difficulties because "I have lived under adverse circumstances all my life."

The evening incident lasted only briefly. The rock which shattered a cafeteria window apparently came from the group of students in front.

Marshals hustled Meredith out a back door.

The students then turned their attention to an auto which federal officials had been using and let

Utilities Group Fails To Attend Council

State Board Curtails City Sewage Discharge Permit

A joint meeting of Council and the City Utilities Commission, called for Monday night to discuss the receipt of an abbreviated three-month sewage discharge permit from the Ohio Water Pollution Control Board, failed to materialize.

The Utilities Commission, which had scheduled its regular monthly meeting for last night, informed the mayor yesterday afternoon it would not be able to attend because it hadn't been notified in time.

A. A. Parker, commission chairman, declared last night. Councilmen, however, assembled as directed.

The meeting had been called Sunday afternoon by Mayor Dean B. Cranmer to discuss conditions at the sewage plant and receipt of the three-month sewage discharge permit in lieu of the year-

ly permits which the city had received in the past.

The accompanying letter was signed by Dr. Ralph E. Dwork, chairman of the state board, and contained certain conditions which the state demands the city comply with. The text reads:

"Enclosed in a renewal permit for the discharge of sewage from your municipality into 'waters of the state,' pursuant to the provisions of the Water Pollution Act of Ohio.

"You will note that this permit expires Jan. 15, 1963. Renewal of this permit is contingent upon compliance with the following conditions:

(1) Submit a schedule for rehabilitation of the existing sewage treatment plant unit which will place the plant in satisfactory condition.

(2) Provide satisfactory operation and maintenance of the existing sewerage and sewage treatment works, including the submission of regular operating reports and annual summaries as required by the Division of Sanitary Engineering, Ohio Department of Health.

(3) Advise the Board with application for renewal of permit as to the status of construction of sewerage for the Hillsdale section.

"Prior to Aug. 15, 1963, you will be expected to comply with Regulations 451, Ohio Sanitary Code, by placing your sewage treatment plant under the responsible charge of a full-time employee of the municipality who possesses an operator's certificate appropriate for this 'A' plant and to continue technical supervision until the operator is properly certified.

"A training program for operators is needed. Minimum educational and qualified standards for operating personnel also should be established," the letter concluded.

Zimmerman Explains

Members of Council displayed mixed reactions to the absence of Utility Commission members and Utilities Supt. Aubrey Hayes.

Ralph Zimmerman (R. 4th Ward), who explained the commission's reason for not attending, said the commission is proceeding in "orderly fashion" to remedy conditions at the sewage disposal plant. "I understand they are in the process of working out a plan to have the plant in good operating condition again."

Zimmerman, who is chairman of Council's sewage committee, said, "I think they should have a chance to answer questions without pressure."

"There is something fishy here," he charged. "First of all the letter was addressed to Clarence White (retired chairman of the Utilities Commission). Also, the sewage plant inspection was made Sept. 7. Why did the health department wait until Sept. 25 to mail the letter? I think someone asked the health department to make that inspection," he said.

Zimmerman was referring to a letter from the Ohio Department of Health read at the last regular meeting of Council. The letter criticized conditions at the sewage plant and ordered improvements.

"I have never seen anyone or a report from the health board in the past six or seven years," Zimmerman said. "I think Council should have checked with the Utilities Commission before the meeting was called."

John Rance (R. At-Large), who suggested that Council adjourn since the Utilities Commission members were not present, he declared, "The two new members

Dorticos Levels Blast At U.S. At Assembly

Demands That Any Blockade Be Termed As An Act of War

UNITED NATIONS, N.Y. (AP)

—U.N. delegates look for more fireworks over Cuba following President Osvaldo Dorticos Torrado's blast against the United States. But there was no clue whether Cuba would try to put a formal complaint on the assembly agenda for debate.

Until Dorticos addressed the General Assembly on Monday, the U.S. delegation had the impression Fidel Castro's regime would not press its usual charge of aggression this year. But the bitterness of the Cuban president's assault left the Americans uncertain.

Dorticos gave no hint in his hour and 45-minute speech what strategy his delegation would pursue. He made a vague demand that the United Nations condemn as an act of war any U.S. blockade of his country.

Soviet Foreign Minister Andrei A. Gromyko is expected to touch off a general East-West exchange when he takes the floor this week to answer Western charges that the Soviet military buildup in Cuba endangers peace in the Western Hemisphere.

U.S. Ambassador Adlai E. Stevenson refused to answer Dorticos' accusations in the assembly Monday, since U.N. traditionally frowns on anyone debating a chief of state. He did take the floor long enough to accuse the Cuba leader of attacking the United States with "unparalleled calumnies, slanders and misrepresentations."

Stevenson told a news conference later the charges by Dorticos were "neither original nor true." United States would not attack

He stressed again that the Cuba but added: "Let it be equally clear that the United States will not tolerate aggression against any part of this hemisphere."

Stevenson branded as absurd Cuban charges that U.S. economic action against Castro's regime was either aggressive or warlike.

Stevenson also leveled a warning at the Soviet Union.

"Let no one mistake the impact of this Soviet intervention in Cuba on the hope we all share for world peace," he said. "If the Soviet Union persists in the course it has chosen, if it continues to try to prevent the peaceful social revolution of the Americas, it will increasingly excite the deep indignation of the people of my country and of other American states."

Agreement Near on Cuban Prisoner Deal

HAVANA (AP)—Prime Minister Fidel Castro and negotiator James B. Donovan appeared set to complete an agreement today for the release of 1,113 Cuban prisoners seized in the April 1961 invasion.

Responsible sources predicted the prisoners would be flown to Miami in a few days.

Castro's government originally asked \$62 million in cash for all the prisoners taken in the Bay of Pigs invasion. About 60 already have been freed. Donovan, a New York attorney negotiating for the families of the prisoners, has said he would offer Castro medicine and food instead of a cash ransom.

The U. S. government may be called on to chip in with some surplus food products, but officials in Washington said there have been no final arrangements on this. Cuban exiles in Miami say the bulk of the food and drug supplies would be contributed by the U.S. public, by relief agencies and by families of the prisoners.

Road Mishaps Leave Four Hurt Monday

Four persons were slightly injured in two separate accidents investigated by the State Highway Patrol Monday.

Two received minor injuries in a two-car accident at 8:55 p. m. Monday on State Route 14, three miles east of Columbiana.

Injured but not treated were Helen B. Curl, 54, RD 1, Waterford, with a whiplash of the neck, and a passenger in her car, Geraldine Latham, 35, RD 1, Waterford, with a sprained back.

The accident occurred at the intersection of Route 7 and 14. The Curl car had stopped at the intersection and was struck in the rear by a car driven by Edward M. Saron, 20, of Pittsburgh, who was cited by the Patrol for failure to maintain a safe distance. Collide at Westville

Two passengers in separate cars were bruised in an accident at 8:45 p.m. Monday at the intersections of State Route 62 and 173 in Westville.

Hurt but not treated were Imogene Yeagley, 58, 1737 S. Liberty Ave., Sebring, who had a bruised head, and Elta Buhler, 56, 186 E. Ohio Ave., Sebring, a bruised chest.

A car driven by Estella F. Hartley, 65, Bellefontaine, was turning west on State Route 62 when it was struck in the rear by a car driven by Norman E. Buhler, 56, 186 E. Ohio Ave., Sebring.

There was no arrest, the Patrol said.

In a two-car accident investigated at 8:45 a.m. Monday on State Route 14, two miles east of Columbiana, a car driven by Edward T. Conrad, Jr., 44, of Alliance and a semi-tractor truck driven by Dennis Roney, 34, of Canton collided.

The truck had stopped for a school bus and was struck in the rear by Conrad who was cited for failure to stop in a safe distance.

Lisbon Council Okays Wage Hike Requests

LISBON — Village Council, after almost an hour of heated discussion, Monday night authorized Village Solicitor Joseph J. Barozzi to draft an ordinance authorizing the Board of Public Affairs and the Cemetery Board to grant their employees a \$25 - a - month raise, effective next Jan. 1.

Paul Kunns, Russell Shaw and Alfred J. Smith, members of the Board of Public Affairs, requested the increase for their department, and Walter Ewing spoke for the Cemetery Board. Their requests were made at the Sept. 10 meeting.

Under the proposed schedule, monthly wages would be:

Water department—Supt. Ernest Reisinger, \$415; Asst. Supt. Elmer Donnalley, \$385; William Carlisle, sewage treatment plant operator, \$385; and Edgar Kirk, clerk, \$325.

Cemetery department — Supt. Richard Woods, \$375; Ed Meek,

\$325; and Kirk, \$60, making his salary \$385 from both departments.

If raises are granted, the monthly payroll for the water department will be \$1,155.60 and for the cemetery department, \$770.40.

Both boards have their own operating funds, but wages and major expenditures must be approved by Council.

Several Council members were against the raises until definite regulations were established defining each department's responsibility. Other councilmen claimed that because of village finances they would be unable to give police and street department work-

Local Advisory Committee Gets Report

150 Study At Kent Center

The Salem Area Center of Kent State University has 150 students enrolled in evening classes at Salem Senior High School, according to Francis E. Hazard, director. Students come from three counties—Columbiana, Mahoning and Stark and communities as distant as Salineville, Mineral Ridge and Alliance.

He gave a report Monday night at Salem High School to the advisory committee named last summer to help get courses started.

The committee is working on plans for raising library and scholarship funds, and on promotion of the winter and spring terms.

Atty. Alfred L. Fitch of Salem was elected temporary chairman last night, along with Mrs. Ewing Farrington of Salem, vice-chairman; Mrs. Virginia Way of Columbiana, secretary, and Lee Bowman of Hanover, treasurer.

Chairman Fitch said the committee will be known as "The Board of Trustees for the Salem Area Center of Kent State University." He will present a draft

Community Chest Campaign Is Underway In Columbiana

COLUMBIANA — The annual Columbiana Community Chest campaign is now underway. The drive, which began yesterday and will continue through this week, aims for a goal of \$7,200. Atty. C. Richard Fox is general chairman.

Members of Rotary, Kiwanis, Ruritan, Junior Chamber of Commerce and Business and Professional Women will take charge of have in the past. Each club will take one section of the village, with Ruritan soliciting in the township outside the village limits. Russ Lindsay and C. W. Furney will solicit industries in the area.

The campaign supports seven agencies. This year's allocations are as follows: Boy Scouts, \$2,400; Girl Scouts, \$1,300; Salem City Hospital, \$1,750; Salvation Army, \$720; Salem Central Clinic and Hospital, \$750; Columbiana County Mental Health Association, \$70; and local relief, \$210. Adjustments will be made in these figures if the goal is not attained, as has been the case in recent years.

Robert Leonard is secretary of the Community Chest organization and Tracy Powell is treasurer.

Directors are Russ Lindsay, Rev. Harold Thiedt, Wilder Forstich, D. W. Bailey, and William Kimpel. Miss Margaret Morrow and Mrs. John Elder represent the Business and Professional Women; George Huk, Kiwanis; Atty. Lawrence Stacey, Junior Chamber of Commerce; Chester Fox represents Ruritan.

WHEN THE COLUMBIANA Parent-Teachers Organization meets Wednesday, Miss Eleanor Roller and George Fisher, physical education instructors, will explain the physical fitness program that has recently been added to the grade school curriculum. The meeting will be held at 7:30 p.m. at the South Side School.

The monthly cruise will be discussed at the meeting of the Columbiana Boat and Ski Club Wednesday at 8 p.m. at Theron's clubrooms.

Sputnik Plus Five

(8) Man Into Space

By Don Oakley and Ralph Lane

Russia began 1961 in style with Sputnik VIII in February. While in orbit, it launched a rocket toward Venus. The probe was useless however, since its radio soon failed. But other Russian activities indicated they were close to sending a man into space: On March 9, Sputnik IX (Spacecraft IV) was sent aloft with animal passengers and returned safely. On March 15, Sputnik X (Spacecraft V), duplicated this. Finally, on April 12, it was announced that Maj. Yuri Gagarin had successfully completed one orbit of the earth in a craft called Vostok I. A Russian was the Magellan of the space age.

Meanwhile, the U.S. reached the next stage of the Mercury program — manned suborbital flight. On May 5, while 50 million television viewers looked on, Navy Comdr. Alan B. Shepard Jr. was boosted into a ballistic trajectory by the "old reliable" Redstone rocket. He soared 116.5 miles above the earth in his 15-minute ride and landed safely in the Atlantic 302 miles from Cape Canaveral.

On July 21, USAF Capt. Virgil I. (Gus) Grissom took the same ride. That the dangers were not all in space was shown when his capsule sank at sea. Another Russian, however, eclipsed all previous flights the following month. On Aug. 8, Maj. Gherman S. Titov circled the earth 17 times in Vostok II.

Rogers Fire Agreement Is Approved

ROGERS — A special meeting of Rogers Village Council was held Monday night when a contract was signed between the village and the Volunteer Fire Department for fire protection. The contract is in effect today and until Jan. 1, 1963.

Firemen were asked if county-wide mutual fire protection were provided for homeowners and the reply was affirmative. The agreement is held with the Negley, New Waterford and East Palestine fire departments.

A lease of agreement for the Rogers Community Hall with the Volunteer Fire Department was read by Donald W. Elliott, village solicitor. It stipulates that the stage area in the hall is to be remodeled and that the office area is to be remodeled at a later date.

Firemen are to make a two-section portable stage to be used and housed in the hall. Size of the stage will be eight feet square when closed or eight feet by 16 feet when open.

Alex Rutecki of Lisbon, Columbiana County Civil Defense director, spoke to the group and asked Mayor Robert McCreary and councilmen to join the county civil defense corps. He stated that there are 13 corporations in the county with only three of these not signed in the program. Council unanimously approved joining the program.

Others elected are: Randall Black of Salem, vice president; Mrs. Evelyn Ferguson of Lisbon, secretary, and Mrs. John Rudebeck of Hanover, treasurer.

Rev. William Ring, pastor of St. Jacob's Church, was the guest speaker.

Cecil Jeffrey, state secretary, and Mr. and Mrs. James Waddell, state vice president and his wife, were guests. It was reported that a state banquet will be held for the Christian Endeavor groups at Buckeye Hotel in Urichsville Oct. 20. Several local members are expected to attend.

Harold Reisinger of East Liverpool presided.

Health Questions And Answers

Q—Does drinking milk from paraffin-coated paper containers cause cancer?

A—Although some waxes contain chemicals that pre-dispose to cancer in laboratory animals, tests sponsored by the Food and Drug Administration show that no such harmful substances are present in the being used to dispense milk and other beverages.

Q—I read that some children were made seriously ill by eating water hemlock. What part of this plant is poisonous?

A—The mature leaves and ripe fruit of water hemlock or wild parsnip may be eaten with impunity, but the root contains a high concentration of a poisonous resin and must not be eaten.

Q—I have developed spider veins on both my thighs and legs. Is there any known treatment? I had them injected, but it only made them spread more. Is walking bad for this condition?

A—The cause of venous spiders is not definitely known, but they are commonly associated with pregnancy. Many women and some men develop them later in life (after the menopause in women). Injection has been tried but, as in your case, this usually leads to their appearance in another location.

Since no cure is known, be thankful that the condition will in no way threaten your health. If you should wish to go in swimming and feel self-conscious about them, you might try one of the cosmetic preparations used to mask various skin blemishes.

Q—My 37-year-old daughter has had multiple sclerosis for about five years. She has been taking injections of vitamin B12 twice a week, but has seen little if any improvement. Is there any other treatment that will help her?

A—I have attended the meetings of the Medical Advisory Board of the National Multiple Sclerosis Society for several years, and I can assure you that this board is made up of the finest specialists for nervous diseases in the country. Much as we doctors would love to announce a cure for multiple sclerosis, the sad truth is that as yet there is none.

Vitamins have been widely tried, but they must be listed with the other treatments that have failed. The chief reason glowing reports are brought out from time to time about some new treatment is that the disease is characterized by natural periods of remission or improvement which are just as mystifying to us doctors as the cause of the disease itself.

Any drug taken at the time of such a remission is likely to raise false hopes and cause a flurry of enthusiastic trials, all of which in the past have been doomed to failure. In other words, the supposed cure was not due to the drug but to nature. Rest assured that many of the best brains in the world are working on the problem of multiple sclerosis and sooner or later the riddle will be solved. In the meantime much can be done to make the sufferer more comfortable.

FOUL PLAY UNLIKELY

COSHOCOTON, Ohio (AP)—It is unlikely that foul play was involved in the death of a man whose body was discovered in the Muskingum River, authorities say. The body was found Sunday about six miles south of Coshocton.

Sheriff's deputies identified the man as Samuel C. Porter, 78, who had been missing two weeks. They said Porter, who lived in a Coshocton hotel, had about \$300 on his person when found.

At Least It Wasn't Hidden

Before we've had a chance to lick our first 5-cent stamp or mail a 4-cent correspondent card we know that the postal increase passed by Congress this session has no more bearing on the Post Office deficit than on the price of fresh spinach.

This may have been the last time around for that poor old threadbare Post Office deficit. It was great hocus-pocus while it worked, but this time the hand was not quicker than the eye.

The boys raised postal rates enough to bring in additional income of \$603 million a year when the full bite on users of postal service is finished, in 1965. They said this was necessary because higher rates were necessary to overcome the postal deficit, which was a disgrace etc. It's an old story.

But while they were doing this, they were raising the pay of more than a half million postal workers and the pay of other federal employees by an amount that will reach more than a billion dollars by the time the higher rates are producing the \$603 million.

This makes it certain that the funny book-

keeping which causes the postal deficit to appear like a white rabbit wriggling out of a magician's high silk hat will be used again in a few more years.

Actually, it's not a bad idea to pin pay raises to higher rates for a public service like delivering the mail. It shatters the illusion that the federal government has its own magic money tree that produces billions by some goofy process of cross-pollinating the New Frontier and the Old Malarkey.

All federal money comes from the same place—the people.

They must choose between paying what the government costs and keeping it financially sound or letting its deficits pile up while bemused by the con men of politics who say, "Don't worry, it's only money we owe ourselves." In that event, they'll pay too, twice—once through inflation, once through the nose.

But it's not the postal deficit that causes concern.

It's the deficit—the whole thing—the gap between federal income and outgo.

Search For a Winning Formula

It used to be in disenchantment that editorial writers surveyed the annual shuffle of baseball managers at the end of a season and sighed, "There ain't no justice."

Now they just sigh and say, "That's the way it has to be."

Baseball managers now will be shuffled around willy-nilly to conceal the obvious fact that owners use them as pawns in a game of musical chairs. It's like French politics—always the same old familiar faces.

Two months from now college football coaches will be shuffled and three months from now the professionals will be changing coaches again. And what is it all about?

It's an application of one of life's basic formulas — that the best thing to do under attack is something — anything.

It works in politics, as when Franklin D. Roosevelt promised to do something — anything in 1932. It works spectacularly for athletes, as when a player who has been so-so with one team catches fire and becomes a star with another team.

Losing baseball managers now will be shifted around, in the hope that the ball will bounce better for them next year. The search for the winning formula never stops.

Then it will be time to move around the football coaches and not too long from now basketball coaches will be putting out strings in case their players have a losing season. It's turn about fair play. If their players do have a winning season who claims credit? Who but the coaches? Who but the managers?

Did a Good Intention Go Wrong

No one can have an easy mind about the incident at Oxford, Miss., that caused former Maj. Gen. Edwin A. Walker to be taken to the U.S. Medical Center at Springfield, Mo., after being arrested and charged with insurrection.

The kindest interpretation of his removal to a medical center instead of a prison was intent to give him the best possible treatment. The Springfield Medical Center is

famous for the quality of treatment it provides.

If this were the reason Gen. Walker was sent there, instead of to some nearby hoosegow, it would confirm what many people suspected might be the motive—that his friends wanted to protect him from further danger and make him as comfortable as possible. It would have been an instance of deeply justified special treatment for a highly regarded man whose personality reflected a change of viewpoint in recent years that puzzled and disturbed his friends.

If so, a good intention went wrong. Gen. Walker and his legal advisers have made it appear that he is a "political prisoner" who was spirited away to a medical center instead of a common jail and put under the opprobrium of being in need of psychiatric care.

No one can be easy in his mind about this, not even those who may have wanted to keep Gen. Walker from being treated like the rowdies who were arrested when he was.

A possibly dangerous precedent has been set for what could have been the worst of all motives—to protect a former U.S. general from harm and humiliation. He says he considers himself to be a "political prisoner." It would have been better, all things considered, if he had been treated like the rioters who were arrested when he was arrested.

At birth a baby is spanked to start it crying. But after that it may be spanked to make it stop.

Letter From Max

By Martin Miller

Dear Truman Twill:

A piece in the paper the other day said: "Nothing can be colder than absolute zero."

To one who always thought a Wheatstone bridge was made out of leftover parts from a flour mill, like Battle Creek, Mich., or Minneapolis, it was very interesting.

Like the atom is the smallest possible particle of matter.

Or the ether is flat.

Or the sun revolves around the earth.

The bow and arrow is the ultimate weapon.

Airplanes will never crack the sound barrier.

Nothing will surpass TNT in explosive power.

The velocity of light can never be measured.

Light is made up of particles, no, it is made of waves.

And what happened to the "ether" that used to carry light, heat, radio waves and sundry other things?

Scientific theories come and scientific theories go.

Man can never achieve enough velocity to escape the earth's gravity. Remember that one?

You'll pardon us under the circumstances for our ignorance and this mild expression of skepticism.

But time was when jungle drums were the last word in communication. Within the last 100 years, smoke signals still were a common

means of communication in America. Now we have Telstar, no less.

Preparations are being rushed to land on the moon in this decade.

Mathematics is said to have developed more in recent years than in all the history of mankind. Of course this has been common knowledge to all those who have glanced at an income tax form.

The point is that when someone who knows more about this subject says, "You don't know what you are talking about," the answer pops out, "You don't either because no one knows what the future will bring."

Possibly by the definition of absolute zero there can be nothing colder, but that doesn't mean new definitions may not come along in years to come.

Well, this piece in the paper went on to say, "We can never reach absolute zero." What makes one wonder about this statement is the word "never." It's such a long time.

And another thing: There doesn't seem to be any known limit to how high a temperature can go. Absolute zero is the bottom but there is no top. Sort of like a hot-rodder starting from a dead stop and accelerating forever.

Ofhand, if you want a specific example right now of something colder than absolute zero wait until some scientist casts an eye on this article — nothing could be colder than his frosty eye.

Faithfully yours,
MAX

U.S., British Railroad Disputes Are Parallel Cases

By RICHARD SPONG

Americans, threatened by a national railroad strike early next year, would be well advised to watch closely the British rail dispute. The issues are alike.

Over here the central question is work rules, or what has come to be known as featherbedding. In Blighty the specific issue is a government plan to close 12 repair shops and lay off 18,000 men over five years in an attempt to modernize an aging rail system.

Britain took its recent one-day rail and subway strike in its stride but probably only because it was so short. So many commuters

stayed in town overnight that hotels used bathrooms and lounges to house them. Night clubs were doing New Year's Eve business. But for the most part, London's 5 million commuters just stayed home, many on instruction from their firms.

QUITE A FEW took the advice of Transport Minister Ernest Marples — not a very popular individual at the moment — to "walk, walk, walk." Bikes and horses were used for transportation instead of recreation. Helicopters and sightseeing launches

served as shuttles. London schools were closed.

A longer rail strike would be no such jolly matter. Britain is perhaps more dependent on rail transportation than any other nation in the world. Its roads are narrow and winding. Its city streets are clogged on the best of days.

Even in the disastrous so-called general strike of 1926, less than half the 6 million British trades union members were called out. It was specifically ordered that work should not cease in electric and gas, sanitary, and health services.

The government, which at once

called a state of emergency, appealed for volunteers to keep essential services going. Thus even without regular employees railroads were soon able to operate several thousand trains a day.

THE OUTLOOK for the British dispute is compromise. But there appears to be a general understanding that whether Britain is in or out of the Common Market, it will suffer grievously if it does not modernize itself quickly and thoroughly. In this vein the London Times asserts: "Half measures will not do. . . . There must be change on a great scale."

The handling of the dispute by the minister of transport and the Transport Commission has been widely criticized in the British press. It certainly will contribute to the dwindling of the popularity of the Macmillan Conservative government.

In this there may be a skirmish for President Kennedy to observe with the future in mind. If a strike comes in the United States in the next few months, the President will have to find a way to keep the trains running, for his statutory powers will be used up.

There may be a lesson for others in the British wrangle. British labor lost more than a strike in 1926.

The Conservative party availed itself of the state of public opinion and the exhaustion of the trades unions to push through Commons the Trades Disputes and Trades-Union Act of 1927, which is still on the books.

Paralyzing national strikes are seldom popular. Frequently they bring on retributive legislation.

Chief Blue Cloud

By HAL BOYLE

NEW YORK (AP)—Remarks a cigar smoker gets tired of hearing:

"I can smell it all over the house."

"What are you smoking—a rope?"

"Gee, Elmer, do you mind finishing your cigar outside on the patio? My wife just bought these draperies, and..."

"He says if they were good enough for his grandfather they're good enough for him—but that cigar smells like one his grandfather left him in his will."

"I know I didn't used to object to it, Elmer, but that was before we were married."

"No, that's him over there—the one causing the blue fog."

"There is no use of your looking around for your humidor, Elmer. I buried it today while you were at work."

"I'm afraid you'll have to start taking a cheaper brand, sir. We're about out of clear Havana."

"Please don't put it out in the house. Why not take it out in the back yard and beat it to death with a stick?"

"My husband says General Grant smoked them and so does President Kennedy. So I told him, 'When you get elected President and we move into the White House, I'll let you smoke all you want of them there.'"

"Doctor, are you absolutely sure there is no major disease I can tell him is caused by cigars?"

"I heard somewhere that psychiatrists say cigar smoking is a sign of oral infantilism. They're just big overgrown babies—trying to return to the cradle."

"I don't know why they should taste funny. All I did was dip the ends of them in perfume—so they'd have a pleasant aroma."

"Yes, you can play with daddy's cigars, children. Mommy'll give you a penny for each one you break."

"I think he has the idea they make him look like a television western hero. But he gets mad when I call him Chief Big Cloud."

"The worst thing about the population explosion is that whenever anybody has a baby the father gives Elmer another cigar. If that isn't a good argument for birth control, I never heard one."

"You understand I don't mind a man lighting up a cigar in the office, Elmer—but the secretaries complain it makes them ill. Why don't you just wait and smoke them at home? Surely your wife doesn't mind?"

"I'm Bushed. We Spent Gosh Knows How Many Billions Today"

Mobs Trying To Get Out of Old Rut

By VICTOR RIESEL

SAN FRANCISCO

From what I heard back East the mob is looking longingly at the Golden West. The heat back home is unseasonably terrific this fall and the hoods want to take their gambling cash into legitimate businesses — especially anything that can be constructed — mills, hotels, housing developments.

Victor Riesel

THE WAR of the federals against the mob is vital to legitimate businessmen and the unions with which they deal — for the mob is quietly invading industry and therefore will revive its efforts to recapture sections of the labor movement so it can undercut honest competitors.

What disturbs the crime combines is the knowledge that anywhere from 800 to 1,000 of their top executives are now under constant surveillance by the FBI. There have been reports that the Justice Department is interested in 60 top criminals and will constantly revise this list. But such reports merely play a numbers game.

The fact is that not one of the 800 to 1,000 mobsters in some eight or possibly 10 major criminal rings, can make a move, or an important phone call, or take a trip, or easily invest funds, without the FBI being aware of it in a few days.

Actually the FBI and special Justice Department unit have a list of 1,800 who are watched regularly in one fashion or another.

BOB KENNEDY, during the Senate hearings, described Giancana as "... one of the two or three most important underworld figures in the Chicago area..." Giancana and Murray (the Camel) Humphreys, also of Chicago, are the power boys there, now that the old boss, Tony Accardo is in the docket again on income tax evasion charges.

Giancana went overseas not long after a new British law opened the foggy town to legal gambling. Now there are slot machines in clubs only a short walk from Buckingham Palace, and a lot more than the guard will be changing in the British capital.

Just what Giancana and his friends decided, is known only to the FBI and the Organized Crime and Racketeering Section of the Justice Department. But there is no doubt that the new power men such as Giancana have an eye for expansion in any direction out of the old crime centers.

THE MOB, which is doing as well as ever it has done in the past 59 years, wants to operate quietly as the shifts in power put new men in command in Brooklyn, New Jersey, Cleveland, Chicago, the centers of underworld power.

Its leaders look with nothing but disgust at the antics of hoods who have made their last bid for freedom with attempts to force mistrials. One tore off all his clothes and had to be carried nude into a cleared Chicago courtroom; another hurled a witness chair at a federal prosecutor; a third even dared to threaten to have a famed New York federal judge killed.

At least one notorious Manhattan mob chief, missing for some six months, has been killed by the mob itself because his tactics were brewing big black headlines almost daily.

The stakes are too big and the mob's too prosperous to take any chances on a civil war now. So there have been a series of

intimate high command conferences.

What worries the criminal syndicates is the intensity of the Justice Department's offensive, now directed by a 37-year-old veteran crime fighter, Bill Hundley, who was recently appointed chief of the Organized Crime section.

Not so long ago, J. Edgar Hoover disclosed that almost 5,000 reports, covering the activities of those 1,800 criminal figures operating in the United States, have been turned in by the FBI to the Department of Justice under the government's new drive against organized crime.

RECENTLY Bob Kennedy revealed that the FBI "initiated more than 4,000 separate investigations" under the new anti-crime laws passed by Congress. Of these, said Kennedy, "809 have been completed and are being studied for potential prosecution."

The attorney general said he had obtained indictments against 95 individuals, of which 11 have been convicted.

Local authorities have been active too across the country. A New York racketeer who set up phony unions as a lever for extortion from businessmen, for example, has been convicted.

Small wonder then that mobs making their money out of gambling, narcotics and prostitution—and which also operate right across the community in the labor rackets as well — want to move quietly to new, but golden fields.

Having mopped up the East, and having explored the crime export market, they now face West.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: Our 16-year-old daughter is very mature for her age both physically and mentally. We are having a little disagreement about her fall wardrobe.

She has gone in rather heavily for knitted outfits. Generally her taste is excellent but some of the garments she brought home yesterday appear to be much too tight on her.

Can you give me an idea of how tight a 16-year-old's dresses ought to be? Thank you. — SQUARE MOTHER.

Dear Mother: Tight enough so she looks like a girl—but loose enough so she looks like a lady.

Suspicious Aroused

Dear Ann: Yesterday when I went out to the garage to check the garden tools before putting them away for the winter, I noticed something in the back seat of the car. It turned out to be a woman's cashmere sweater and a pair of high-heeled slippers. They did not belong to me. In fact I never had seen them before.

My husband has never given me any reason to suspect that he may be slipping around behind my back. I would have bet my life he was 100 per cent faithful. Finding those things in the car has upset me terribly. I confided in my closest friend who knows a lot about men. She

has had three divorces.

She says ALL husbands are 100 per cent faithful—until they get caught. She advised me to keep my mouth shut and forget I ever saw anything. Do you agree that this is the smart move? — BONNIE.

Dear Bonnie: When you want advice go to a winner—not a loser. I think your girl friend gave you a bum steer.

By remaining silent you assume the worst and deny your husband an opportunity to explain. This is unfair. It may be that there is no hanky-panky whatever but you'll never believe it until you clear the air.

Unexpected Guests

Dear Ann: Several weeks ago my husband's sister invited us to a dinner party in her home.

The dinner was scheduled for 7 p.m. on Saturday. At noon on Saturday a car pulled up with surprise visitors. It was my sister and her husband, his brother and wife and mother-in-law. Since they had driven 130 miles to see us I had no choice but to be hospitable. We have plenty of extra beds and food in the freezer, so that's never a problem.

I phoned my husband's sister and asked her if I could bring our guests to her dinner party. She was most ungracious and finally said, "Well, bring them—we'll manage somehow."

The party was terrible. She packed us around two tables instead of setting up a third one. There didn't seem to be enough food or wine. I'm sure she did this intentionally, to make me uncomfortable.

I say a lady would have handled the emergency with grace and made everyone feel welcome. What do you say? — ROZALIND.

Dear Rozalind: Saddling a hostess with five extra guests at a sitdown dinner is inexcusable. For the price of a call the pack could have let you know they were coming. It is the height of rudeness to blow in and expect people to drop everything.

Victims of unexpected company ought to go right ahead with their plans.

Confidentially

TO DILEMMA: You don't have to spend \$1,000 on a violin for a beginner. Use a cheaper instrument to determine if the boy has talent.

Confidential TO WORRIED SICK: You can stop worrying. It is not possible.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Salem News, enclosing a stamped, self-addressed envelope.

Combine School Training, Work Experience

Distributive Education Class Has 16 Students

Sixteen senior students of Salem Senior High School are participating in a relatively new program, combining conventional classroom training with actual work experience in cooperation with a number of Salem merchants.

This program, in its fifth year at the school, is called Distributive Education. It is a vocational program for which two high school credits are given. The class meets daily with Mrs. Phyllis Love, business teacher at the school, at 11 a.m. for one hour and 45 minutes. From there, class members are dismissed to their jobs at Salem business places. The students are given one grade in store work and another in class work.

Purpose of the group is to form better understanding between the student and the businessman. Connected with the class is the school chapter of the Distributive Education Clubs of America, better known as DECA, a social organization.

To be a member of the class, the student must be a senior and must hold or have plans to hold a job in cooperation with a local businessman. The employer conducts an interview with the student and they reach an understanding about the job. Most members of the class are interviewed and given a test at the school. They are evaluated according to moral character. Credit hours in salesmanship are preferred for prospective class members.

Fourteen of the 16 persons taking advantage of this training, plan to receive some sort of further education after graduating from high school.

Group projects of DECA this year include a hayride, bake sale and sale of Christmas wreaths to help finance activities.

The English language is not well adapted for singing since it is hard for the voice to form English words and musical tones at the same time.

OFFICERS OF THE SALEM Senior High School chapter of the Distributive Education Clubs of America shown above are, standing, (l. to r.) Jackie Kelley, treasurer, Bob Hippely, president, John Panzotti, vice president, and Barbara Allison, seated, secretary.

Other officers are Sally Cranmer, social chairman, Lora Edwards, parliamentarian, and Bill Shasteen, publicity.

Hints from Heloise

— By Heloise Cruse —

Dear Readers: When boiling unpeeled potatoes for potato salad, cook your eggs in the same pan with your potatoes. Place eggs on top of the potatoes. Both foods are cooked at the same time and there is only one pan to wash!

Some people don't peel their potatoes before boiling them for potato salad. They say the best part of the potato is just under the skin. In this case, while the potatoes are still warm . . . use a paring knife and skin each potato. This saves much of the potato that would ordinarily be thrown away. Then cut potatoes into pieces.

If the condiments (whatever you use) are mixed with the potatoes while they are still warm, the potatoes absorb the flavors better. I mix mayonnaise, vinegar, celery salt, savory salt, mustard, chopped pimento, salt and pepper, etc. together before pouring over the warm potatoes. Mix well. Then add chopped eggs and sliced stuffed olives.

A little dash of mustard added to potato salad is what gives it the beautiful golden color and the illusion that twice as many eggs have been used. It gives a tart taste, too. This is a trick which many good restaurants use.

This is a beautiful salad when dipped by spoonfuls on a lettuce leaf and topped with a dab of mayonnaise and some paprika.

DEAR HELOISE: Here is a precious hint for cake bakers who find cup cakes and other cakes stick to the pan.

I mix one-half cup of shortening (after letting it sit at room temperature) with one-fourth cup of flour. I make a smooth paste with a fork and keep this on my

United Ministerial Group To Elect Officers Nov. 5

HANOVERTON — A meeting of the United Ministerial Association was held Monday in the Hanoverton Presbyterian Church, with Rev. John P. Bortor as acting officer. The group, which was formed last spring, consists of ministers of churches within the United Local School District.

Members decided to hold an organizational meeting and elect officers Nov. 5 at the Presbyterian Church in Hanoverton. Eight area ministers who were in attendance are Rev. Alonzo Wise of Hanoverton Christian Church, Rev. David Wolfgang of Kensington Christian Church, Rev. William Atchison of Winona Friends, Rev. Ray Patterson of Phillips Christian Church, Rev. Mark Headland of Trinity Friends, Rev. Frank Tully of New Garden and

of the commission (Frank Sabol and Joseph Fisher) are educating themselves on the commission's work. They have agreed to present their views to Council at its next meeting.

"It is apparent that all we're going to do tonight is argue unless the Utilities Commission members appear," he said.

Harold Astory (D. At-Large) said, "I'm in favor of having the two new members bring in their report now."

Criticizing the short notice given by the mayor on the meeting, Zimmerman said, "I can't make heads or tails of it. You called me on other matters. It looks like you held back for a purpose."

Mayor Cranmer replied, "I tried to get you all day Saturday after I received the letter and I couldn't reach you."

Criticized By Aldom

James Aldom (D. At-Large) lashed at the Utilities Commission and Hayes for their silence.

"I don't think it is right that Council should be kept in the dark," he said. "The utilities superintendent was coming in regularly and giving Council reports, and all of a sudden you can't get hold of him. I think his absence from Council meetings is proof that something is wrong."

Aldom continued, "I don't care if they never meet with Council. They are going to have to come when the purse strings need to be pulled, and I'll wait."

Rance declared, "All we can do is speculate tonight. I'm in favor of giving the Utilities Commission a chance to explain." Referring again to the two new members of the commission, he said, "I wouldn't want to talk on the subject if I were just learning the commission's duties."

Zimmerman said, "The Water Pollution Control Board's letter comments specifically on only two matters dealing with the sewage plant. The rest of the letter contains suggestions dealing with the plant's operation and a reference to the Hillsdale sanitary sewer."

Mayor Cranmer notified Council that construction of the Hillsdale sewer would begin Monday. The city has awarded the contract to the United Excavating Co. of Boardman.

Hays, Allen Guests Of Lisbon Kiwanis

LISBON — Congressman Wayne L. Hays will be guest speaker at the regular meeting of Kiwanis Club Thursday noon at the American Legion Home.

His topic will be "America's Position in the World of 1962."

Another guest will be Bernie Allen of East Liverpool, second baseman for the Minnesota Twins, and a graduate of Purdue University, where he was picked Big Ten quarterback.

The two guests were secured by Monty Muntean, program chairman for October and a personal friend of Allen.

Rogers Firemen, Auxiliary Meet

ROGERS — Rogers Volunteer Firemen and Ladies Auxiliary held a joint meeting in Community Hall last night. The regular business conducted by Dale Williams, president.

After discussion, the group decided to purchase a new fire siren at a cost of \$150 to be installed atop College Hill. Williams appointed a committee for wiring and connecting the siren consisting of Sid Cowan, William (Bill) Crawford, Harley Rice, John Dyke and Wilbur Huston.

A lengthy discussion pertaining to the lease agreement between the village and the fire department concerning the remodeling of the west end of Community Hall was held. Williams said this lease is for a period of 10 years. No decision was reached on the matter.

Lyle Meek, insurance agent, spoke on "Protection for Firemen on an Individual Basis."

A special meeting of the group will be held at 8 p.m. Monday in Community Hall.

ers raises, creating dissension among village employees.

After a period of discussion, Councilman Raymond Dixon voted to authorize the departments to give the raises, and Mrs. Blanche Neill seconded his motion. However, after further discussion, she withdrew her motion. Later, Council President Clyde Pike made the motion again, and all Council members present, Pike, Neill, Dixon, Robert Kelm and Fred Steele, voted yes.

It was agreed that the finance committee, mayor, solicitor and clerk-treasurer meet next Monday night to go over the salary schedule of all elective employees before the February filing deadline for mayor, clerk - treasurer and council members.

Ed Wolfe, proprietor of the Park Avenue Market, was present and asked Council to extend his free parking privilege so he could continue to make deliveries from the front of his store since he has no back entrance. He said Police Chief Roy Patterson had told him that the free parking privilege was causing hard feelings among other merchants. Council agreed to allow him to keep on as he has been until the street committee can meet and find a solution for his problem.

Council authorized the purchase of a new fire hydrant to replace one which was struck by a car early Saturday morning and recommended that the mayor contact the insurance company to pay for the damaged hydrant.

Councilman Dixon reported that the village had received its new street department truck. He suggested that the village also purchase a new pump for its snow plow as the old one is almost beyond repair. Council authorized purchase of a new electric pump at a cost estimated at \$132.50.

Clerk - Treasurer Ray Hempstead reported the village general fund had been reduced to \$7,800. Last year at this time it was \$13,600, he said, adding that if village expenses run the same as last year, the village will be in the red around \$6,000 by 1963. The street fund contains \$13,500, but that money can be used only for road maintenance, he said.

Council's next regular meeting will be Oct. 22 at 7:30 p.m.

Navy May Halt Gifts Of Cigarette Firms

WASHINGTON (AP) — The Navy indicated today it may follow the Air Force's lead in refusing to allow cigarette manufacturers to present gift cigarettes to men in its hospitals.

The Air Force said last Saturday that its surgeon general has declined offers for free distribution of cigarettes in Air Force hospitals "because of the recent evidence which suggests further relation between cigarette smoking and lung cancer, other pulmonary diseases and with certain cardiovascular diseases."

Federal Aid For County Home Seen By Frank Wilson

Columbiana County Commissioner Frank Wilson today received from Congressman Wayne L. Hays application forms for securing federal assistance, if sought, for construction of a new county infirmary.

Wilson said that under an accelerated federal works program, Columbiana County is eligible to receive up to 50 per cent aid for building a new county home or an annex to the County Court-house which Wilson declares is needed.

He pointed out that Rep. Hays has offered his assistance to the program once the Board of Commissioners has made application. Wilson declared "this is a golden opportunity to make much-needed capital improvements at a minimum cost to taxpayers."

"Time will not be a factor in the experiment," Dr. Bacon said. "We want to know how well our hospital staffs can sort the 'patients' and tag them for assignment to shock, fracture and surgery wards."

"While we are interested in how rapidly our staffs can handle a group of 'injured,' the emergency ambulance trips to the hospital will definitely not be speed runs. Drivers will travel at normal speeds," he said.

Physicians, approximately 10 at each hospital on emergency duty, and their staffs will be looking for that big problem that arises when a group of injured suddenly are admitted to a hospital for medical treatment.

Each hospital has its own emergency medical staff set up. Dr. Bacon said. "We want to know how well it can function under such circumstances."

The experiment should be completed by noon.

County Civil Defense Director Rutecki and local chairmen throughout the county, will assist and have arranged for the 20 emergency vehicles.

Lisbon Man Fined In Alliance Shooting

ALLIANCE — Thomas Jones, 18, of Alliance who was shot in the leg by Dave Paulin of Lisbon Saturday, has been released from Alliance City Hospital.

Jones received the wound in a shooting at an Alliance tavern. Paulino, 22, was apprehended by Alliance police Sunday at 2:30 a.m. with a 19-year-old Salem girl.

Paulino was charged with discharging firearms and disorderly conduct. He was fined \$25 and costs on each count.

The Salem girl, who was held for investigation, signed a waiver and was released.

the air out of its tire. One official yelled that the car was federal property.

The Justice Department, meanwhile, opened its campaign to gain student acceptance of Meredith. Deputy U.S. Atty. Gen. Nicholas Katzenbach met with

200 law students and a smaller group of campus leaders. He indicated he was pleased with the outcome.

Katzenbach said he did not ask the students to do anything, but sought to explain and answer questions about the federal government's action in breaking segregation barriers at the 114-year-old university.

It was reported that some of the law students peppered Katzenbach with questions critical of him and Atty. Gen. Robert F. Kennedy.

The Army said it would release another 4,600 federalized Mississippi National Guardsmen tonight. This will leave 3,000 of the 11,000 Guardsmen originally mobilized in the Oxford area. Some 7,000 regular Army troops are on duty there.

In Washington, Sen. John Stennis, D-Miss., said he counted 20,370 troops on duty in Oxford as of 10 a.m. Monday. He called this "outrageous." Sen. Richard B. Russell, D-Ga., joined Stennis in denouncing federal action in Mississippi. Rep. Arthur Winstead, D-Miss., called on President Kennedy to release all federalized Guardsmen immediately.

Also in Washington, the Supreme Court refused to review federal court orders that led to Meredith's admission to Ole Miss. This ended court action on the actual order, though more legal battles remain over restraining orders and contempt citations growing out of the struggle.

Verdict Directed In Favor of Defendant

LISBON — A directed verdict in favor of the defendant was ordered Monday in the case against Frank Schmidt, 33, of East Liverpool, indicted for the burglary of Dan's Tavern on N. Market St.

Schmidt was indicted by the September Grand Jury on evidence furnished by William E. (Sonny) Wright, 25, of Wellsville RD 1, who had been indicted for the daytime burglary of the Guy Morrell residence.

At the trial Monday Wright was advised by the court that he didn't have to answer any questions which might implicate him in the same burglary, so he refused to answer, leaving the prosecution without a case.

it armed escort. The Allies did that with some military vehicles last October when the East Germans began stopping Allied cars. The East Germans backed down after the Russians and the Americans each rushed tanks up to the wall.

Mayor Willy Brandt's Socialist party said Soviet vehicles should be banned from West Berlin in retaliation for the East German action.

There was no indication, however, of any such Allied plans. One reason apparently was reluctance to rock the boat while talks on Berlin were still in progress in New York.

The Allies, in their protest, charged that interference with the ambulance was a violation of their war-worn occupation rights in all of Berlin. The Russians, refusing to accept the protest, gave their usual comment that the matter was one for East Germany's Communist regime. The Allies refuse to deal with the satellite government, which they do not recognize.

East German guards apparently killed two East Germans trying to swim the Spree River to the West Monday night. The mother of one of the men trying to escape saw try and of other American bank and collapsed.

Series Is Even Again; Terry Faces Sanford Today

Hiller's Slam Rips Yanks 7-3

Houk Not Worried About NY Hitting

By JOE REICHLER

Associated Press Sports Writer NEW YORK (AP) — Managers Ralph Houk of New York and Alvin Dark of San Francisco agreed today that the World Series, now all even at two victories apiece, would go the limit of seven games.

Of course, the rival skipper disagreed on the winner. Although the Giants pulled even Monday with a 7-3 victory in the fourth game, in which the brilliant Whitey Ford was lifted after six innings, Houk said he wasn't worried. He said he planned no changes in the lineup and confirmed that Ralph Terry, his 23-game winning right-hander, would be the pitcher.

Dark's choice was Jack Sanford, the 24-game winning right-hander who defeated Terry 2-0 with a three-hitter in the second game of the series.

"I'm not worried about the way our boys are hitting," said Houk, whose team was held to nine hits by four Giant pitchers Monday and has hit only one home run in four games. "We're hitting the ball, all right, but not to the right places."

Dark was just as optimistic. He pointed out he had predicted as far back as three weeks ago that a Giant-Yankee World Series would go the limit. At the time the Giants were four games behind Los Angeles with only nine games left to play.

"I told one of my players (Jose Pagan) that we had 19 more games to play," Dark said, "nine in the regular schedule, three in the playoffs and seven in the World Series. Naturally, I still feel that way and I think we'll win."

Dark had planned to pitch Billy O'Dell, who lost the opener to the Yankees, but the southpaw was needed in relief Monday after the Giants took a 6-2 lead in the seventh on Chuck Hiller's grand slam homer off relief pitcher Marshall Bridges.

Jim Coates, a right-hander, began the inning after Ford was taken out for a pinch hitter in the bottom of the sixth as Houk tried for a big inning. Coates gave way to Bridges after giving up a walk to Jim Davenport and a one-out double to pinch hitter Matty Alou.

The left-handed Bridges purposely passed pinch hitter Bob Nieman to load the bases, disposed of Harvey Kuenn on an infield pop, then threw the grand slammer to Hiller, the first of the Giant second basemen's professional career. The chunky infielder had hit only three home runs all season.

"I plan to start Sanford today, Billy Pierce in the sixth game on Thursday and come right back with Sanford in the seventh game on Friday," said Dark.

If the series goes the limit, in accord with the managers' predictions, the seventh game pitchers will be Sanford against Ford, each making his third start. Bill Stafford, who went all the way beating the Giants in the third game, will pitch the sixth game for the Yanks.

The odds still favored the Yankees, both for today's game and the series. They were rated 7-5 to win today and 8-5 to take the series. The weather prediction was "fair with temperatures in the 70's."

Brown Seeks More Offense From Squad

CLEVELAND (AP) — Coach Paul Brown, encouraged by quarterback Jim Ninowski's passing in the last half which led to the Cleveland Browns' 19-10 victory over Dallas, is hopeful his club will loosen up and score some points against the Baltimore Colts Sunday.

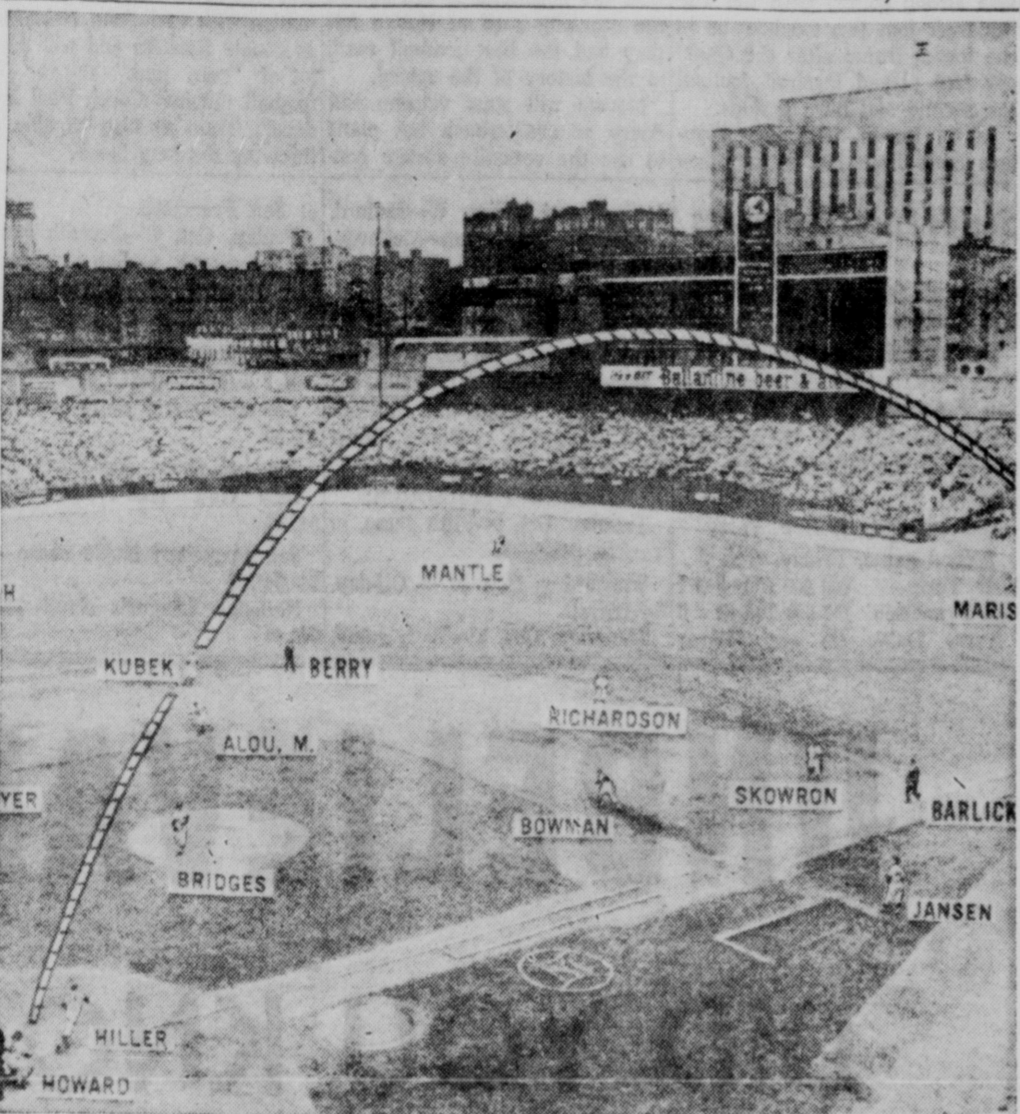

Ninowski suffered through a poor first half but then rallied the Browns by hitting on nine out of 10 passes, including a 50-yard scoring pass play to Jim Brown which turned the tide in Sunday's contest against the Cowboys.

Baltimore will be seeking to rebound from its 21-13 defeat to San Francisco when it invades Municipal Stadium. Harry Holmes, the Colts' publicity man, said Monday, "I think we'll be up for this game in Cleveland. We just couldn't be as low as we were against the 49ers."

3 Golfers Are Tied For 1st In Ohio Open

AKRON, Ohio (AP)—Only two strokes separated the top six players in the Ohio Open Golf Tournament at the Firestone Country Club today as some 140 pros and amateurs took a second crack at par, which eluded them all in the first round.

Tied for first after 18 holes Monday in the 72-hole test over the shortened layout of 6,900 yards were touring pro Bob Shave Jr. of Willoughby, Jim Lucius of Troy and Don Shock of Columbus—each with 71s.

The three leaders each carded two birdies and three bogeys. Shave, who has earned some \$7,000 on the tour this year, had a 36-35. He is seeking his second Ohio Open title, having won in 1958 as an amateur.

The field will be cut to the low 40 pros and 20 amateurs for Wednesday's final 36 holes.

Marietta Drops To 13th, Niles Is 2nd

Alliance Is Still Rated No. 1 In Poll

By FRITZ HOWELL

Associated Press Sports Writer

COLUMBUS, Ohio (AP) — Alliance's Aviators clung to the top spot in the weekly Associated Press high school football poll today—but the defending champions of Niles McKinley jumped into contention by leaping from fourth to second.

And if the ratings stay approximately as they are, the state title could be decided Nov. 9 when the Aviators and Red Dragons tangle on the Stark County gridiron.

Niles, riding a 33-game streak without defeat, is idle this week while Alliance entertains Cleveland East.

The 1961 kings moved around both Fremont Ross and Middletown in fighting their way into the runner-up spot with an 8-0 verdict over previously unbeaten Steubenville Central Catholic. Alliance wrecked Akron Hower 58-0.

Fremont skidded from second to third despite a 16-8 win over Elyria, while Middletown was dumped 14-12 by Springfield South. The victory boosted the Wildcats from among the also-rans into ninth place in the ratings, and the loss sent the Mid-dies down to 11th place.

Lorain Admiral King, eighth last week, soared to a fifth-place tie behind Warren with a 38-0 verdict over Findlay. Warren handled Akron South 30-12 in moving up a notch.

Marietta, although a convincing 30-6 victor over a snappy unbeaten Salem team, dropped from 9th to 13th place as 48 sports editors voted in the poll. But Steubenville's Big Red nosed out thrice-beaten Massillon 14-8 to jump from 10th to a tie for 5th.

Cincinnati Roger Bacon, seventh a week ago, slipped to eighth after a 6-0 win over Purcell, and Sandusky also fell one rung to seventh although it defeated Lorain 30-16. Toledo Central's unbeaten team took over the 10th position.

From here and there: Massillon, seven-time poll winner, received only three last-

place votes from the 48 sports scribes, probably the lowest the Tigers have ever rated.

Ray Hoyman, the Steubenville coach, and Mel Knowton, the Alliance mentor, were teammates at Massillon back in 1931 when Steubenville beat the Tigers 68-0—the last time the Stubbers were victorious. This year both Knowton and Hoyman have beaten their old school.

The young Tigers are plagued with injuries — the entire first string backfield being sidelined. Ron Swartz, the No. 2 signal-caller, handled the team against Steubenville, although the loud-speaker called Al Kanner, a sophomore, from the stands to back him up.

For the second straight week, Bellville's Carl Ruhl — a 160-pound senior—scored on the first scrimmage play. He went 80 yards on the first try against Loudonville Friday, and the previous week he rolled 45 against Butler. Bellville hasn't lost in 18 starts, but Fredericktown's 11-game streak was halted 22-8 by Crestline.

Mount Vernon, which lost 10 in a row last year, is unbeaten this season. Two freshman starters are on the club, which has only five lettermen.

Harold Dade of Circleville intercepted a pass in the end zone and raced 105 yards to score as the roundtown team whipped Washington Court House 52-0. Circleville, with a 5-0 record, is 195-22 in scoring.

Alliance's Chet Bryant has 70 points and a 12-yard average. Xenia has allowed only one touchdown in the last two tilts, 12-6 over Kettering Fairmont and 18-0 over Sidney.

Tilotsville's Ken Brown dashed 59, 57 and 37 yards from scrimmage and returned a kickoff 89 for touchdowns as the Ramblers won their fifth, 38-14 over Bridgeport.

Jack Llewellyn, former president of the state coaches, won his 100th victory at Bay Village when the Rockets handed Rocky River its first loss, 14-8. Bay has 18; Lima Senior and Norwalk St. Paul 15; Miami Trace 14; Bay

Ignatius has averaged 36 in four one-sided wins and looms as the city's best. Jim Detwiler, Toledo Devilbiss halfback, scored five times in the 46-14 romp over Waite. He's averaging better than 100 yards rushing.

Hal Paul, Findlay coach and another ex-president of the mentors, says Lorain Admiral King is the best he's seen this year. King beat Findlay 38-0, a week after third-ranked Fremont did it 14-6.

COLUMBUS, Ohio (AP)—Here's how 48 sports editors, 29 from newspapers and 19 from radio-TV stations, rate Ohio's high school football teams today in the weekly Associated Press poll.

Shown are the first-place votes in parentheses, the poll points on a 10-9-8-etc. basis and the scoring records of the leaders.

PLYMOUTH

...THE LOW-PRICE CAR THAT OFFERS A

5 YEAR OR 50,000 MILE WARRANTY*

BENEATH ITS BEAUTY—A BUILT-IN BONUS

Other cars may lay claim to being well-built—but Plymouth 63 is the car to put it in writing with a 5-year/50,000-mile warranty! It's further positive proof of the new concern at Chrysler Corporation—building better cars. And, next to Plymouth's bright new beauty, perhaps, there's no better reason for you to take a long look at Plymouth 63 before investing in any new car. Come see why Plymouth's on the move!

* Your Authorized Plymouth-Valiant Dealer's Warranty against defects in material and workmanship on 1963 cars has been expanded to include parts replacement or repair for 5 years or 50,000 miles, whichever comes first, on the engine block, head and internal parts; transmission case and internal parts (excluding manual clutch); torque converter, drive shaft, universal joints (excluding dust covers), rear axle and differential, and rear wheel bearings, provided the vehicle has been serviced at reasonable intervals according to the Plymouth-Valiant Certified Car Care schedules. Factory-approved remanufactured parts may be used for replacement.

TV Highlights

7:30 — Ch. 5, Combat: Jack Hogan, Stephen Coit and John Considine are guests in this war drama series. Tonight's episode is titled "Rear Echelon Command."

8 — Ch. 8, Lloyd Bridges: Taking place in Hong Kong, "Mr.

Pennington's Machine" reveals poor living conditions in this Chinese city as viewed by an American tourist and his wife.

8:30 — Ch. 8, Red Skelton: Freddy the Freeloader, (played by Skelton,) Ray Bolger and Brenda Lee are guests. Several comedy sketches are featured, including "The Silent Spot."

9:30 — Ch. 3, Dick Powell: "Run Till It's Dark" stars Fabian and Tuesday Weld in an adventure about a young girl trying to escape from a mysterious pursuer.

10 — Ch. 8, Garry Moore: 1932 is "That Wonderful Year." Garry is joined by Bob Newhart, Dennis Weaver of Gunsmoke and Barbara McNair.

10:30 — Ch. 5, Lawman: Marshal Troop tries to stop a woman and three outlaw sons who want revenge for the death of her husband.

"Men of the church will attend a men's rally at the Canfield Church Sunday when James Stewart, president of the United Presbyterian Church will meet at the home of dinner meeting.

Priscilla Club of the Lutheran byterian Men, will speak at the Mrs. Fred Spaholt of 430 Somer St. Thursday.

LEETONIA DEMOCRATIC Women's Club will meet at 8 p. m. tonight in the Arfman apartment building on Main St. All Democratic women are urged to attend.

Lynn Ripley will open the "Village Boot and Gift" shop in rooms vacated by the Beilhart Shoe Store and Freeman's Jewelry Store on Main St.

He is the son of Mr. and Mrs. Arthur Ripley of Waddell St. and has for the last several years made his home in Florida, returning this summer to Leetonia.

Mr. and Mrs. Ripley and three children live at 345 Waddell St.

PROBE INFANTS' DEATH
CINCINNATI (AP)—Police are seeking the help of hospitals, physicians and citizens to solve the killing of two newborn infants last week. One victim was found in a paper bag in an alley and the other had been abandoned in a park rest room.

Officers asked doctors to tell them if any women who gave birth last week now no longer have their babies.

OPPOSES SELLING LAWS
CINCINNATI (AP)—The Cincinnati Chamber of Commerce says it is against the proposed amendment to Ohio's Sunday selling laws.

The chamber's board of directors Monday adopted a resolution saying the legislature could clarify present laws about what can and can't be sold on Sundays and that no constitutional amendment is needed. Voters will vote on the amendment Nov. 6.

LEETONIA SOCIAL
Ten women of the local Presbyterian Church attended the Presbyterian Society meeting Sunday in the Canfield Presbyterian Church. They were Mrs. James Rance, Mrs. Roy Garrison, Mrs. Wayne Raub, Mrs. Harry Steele, Mrs. Elmer Kliner, Mrs. Russell Burton, Miss Jessie Bell, Mrs. Stanley Prior, Miss Ruth Prior and Mrs. William Woodall.

OUR BOARDING HOUSE

A word from **THERON** at the **Country Store**

Don't forget the horse pulling contest this Saturday night at seven o'clock out behind the Country Store in the center of the race track. Be sure to park out back so people can get in to get our many bargains, which are always available here at the Country Store.

The Columbiana County pulling assn. is having this affair, these horses will pull more if there are a lot of people watching them so come on out.

First Meeting Set Thursday

Community Service Program Planned by Senior Citizens

A group of civic-minded members of the Salem Senior Citizens Club will meet in the parlor of the Memorial Building from 10 to 11:30 a.m. Thursday to begin a new program of community service. This project is being set up by Mrs. Raymond Stiver, supervisor of the club, at the request of several of the club members who wished to help worthy community agencies that could use their assistance.

Mrs. Elma Auld, office secretary for the Red Cross, will be in charge of the project for the first

meeting when the group will assemble the necessary papers to make up the annual report of the Red Cross which is to be presented to those in attendance at the annual dinner meeting.

Both men and women members of the Senior Citizens Club are urged to come to the Memorial Building Thursday morning and take part in this program.

Mrs. Robert Rice will serve as chairman of this project and will be assisted by Mrs. Powell Schmauch and Mrs. Frank Kautzmann. Any organization desiring assistance from this community service group are requested to contact Mrs. Rice or Mrs. Stiver. Their request will be screened, and if it is a service the Senior Citizens can do, it will be added to the on-going agenda. The group

will not do any canvassing, and all activities must be something that can be done at the Memorial Building.

In addition to the Red Cross, plans are under way to assist the Cancer Society, United Fund, Multiple Sclerosis, hospitals and special projects.

The second meeting will be Oct. 25 and every other Thursday morning thereafter. Members who plan to attend the chorus or band rehearsals in the afternoon may bring their lunch.

The first "cracker barrel" meeting of the fall season will be held at 10 a.m. Wednesday in the parlor. This is a current events discussion group and the topic for Wednesday's meeting is "The Space Program". Members are requested by Mrs. Stiver to bring

STAFF SGT. JOE KLOETZLY, pictured above at work on ground power equipment at Toul-Rosieres air base, France, was a member of a special Air Force communications service team which set up air-to-ground radio facilities in a remote section of Africa to assist Astronaut Walter Shirra's recent six-lap orbital flight. clippings of interest. Anyone wishing to stay for the Wednesday drop-in may bring their lunch. Beverages will be provided.

Bluebirds "Fly Up" At New Waterford

NEW WATERFORD — A fly-up ceremony was held Sunday at the New Waterford School by members of the New Waterford Camp Fire Council. Flying up into Camp Fire was the Happy Bluebird group with their sponsor, Mrs. Walter Esterly.

Members of the group are Debbie Beiling, Karen Esterly, Marilyn Hawkins, Patty Jackson, Cindy Michalak, Carol Percy, Donna Rogers, Sherri Schweitzer, Marsha Webber, Debbie Whitacre and Patricia Wilhelm.

A reception for the new junior high Camp Fire group and their sponsor, Mrs. Martha Rogers, was included in the program.

REV. TOM HAMMERTON, pastor of the Centenary Methodist Church of East Palestine, was the guest speaker and showed slides of his recent trip to the Holy Land at the Lions Club meeting Thursday at the Methodist Church. Niland Herbkersman, president, was in charge of the meeting.

Hospital in Youngstown, has returned home.

Mrs. M. A. Griffin and daughter Regina have returned to their home in Willoughby from St. Luke's Hospital in Cleveland. Mrs. Griffin is the daughter of Mr. and Mrs. Edward Bretz.

Wynn Hawkins is visiting his parents, Mr. and Mrs. P. M. Hawkins, after completing the baseball season with the Jacksonville, Fla., Suns of the International League.

Mr. and Mrs. Delmar Smith of Lynchburg, Va., visited Mrs. Margaret Smith recently.

Bethesda Church Group Plans Supper

MILLPORT — Trustees and committees of the Bethesda Presbyterian Church met recently in the home of Mr. and Mrs. Vernon W. Brown to discuss plans for the annual fall turkey and ham supper at the church Oct. 24.

Funds from this project are to be used to finish the new manse, now in final stages of completion.

Women's Slimnastics Course Begins Monday

The first session of the fall and winter program of slimnastics and volleyball for women will start Monday at the Memorial Building, with Mrs. Gordon Scullion serving as instructor.

The slimnastics and volleyball program will be held for eight weeks ending Dec. 3. Slimnastics will be offered from 1 to 2 p.m. and volleyball from 2 to 3 p.m. The fee will be \$1.50 for either course or \$2.50 for both courses.

C. F. Tomlinson, Memorial Building manager, said advance registration can be made by calling 332-5512 between 10 a.m. and 3 p.m. any day this week. Registration can also be made 15 minutes before each session scheduled.

Dress requirements are simple: loose fitting slacks, peddle pushers or shorts, a loose fitting blouse and tennis or soft soled shoes.

Man Committed To Lima Hospital

LISBON — A Minerva man was committed temporarily to Lima State Hospital Monday by Common Pleas Judge Raymond S. Buzzard.

Lloyd Wayne Gearin, 23, who pleaded guilty to statutory rape, was ordered to undergo a mental examination which will affect Judge Buzzard's decision on Gearin's request for probation.

Gearin was indicted by the September Grand Jury for having illicit relations with a 13-year-old Salineville girl.

THE DEPENDABLES ARE HERE!

EVERYONE WHO SEES IT GETS CARRIED AWAY

... BEAUTIFULLY

INTRODUCING THE 1963 DODGE

A FULL LINE OF CARS IN THE LOW-PRICE FIELD!

People can't help being carried away by the 1963 Dodge. Who can blame them? Dodge looks like an expensive car. But, it's priced down with other low-price cars. And inside there's room galore! The roofline sweeps straight back instead of sloping off. That means ample headroom in back, not just in front. There's more legroom and footroom, too. The seats are chair-high whether you choose a model with sofa style, buckets, or fold-down center arm rest in front. Plus, you get the most luxurious interiors in the field, a smooth torsion-bar ride, a thrifty Six or quick, slick V8. Little wonder, people get carried away... especially now that every Dodge is backed by a revolutionary 5-year/50,000-mile warranty! See your Dodge Dealer.
